- In above proposal Sealdah Rajdhani will take 10 min extra time.
- * Presently two Rajdhani express running with a gap of just 10 minutes and there is no scope to postpone the timing of Sealdah Rajdhani.
 - * This also reduce the speed of Sealdah Rajdhani and compacting of main express corridor and adversely affect the line capacity.
 - * It will also ~~create~~^{imply} resentment from public as well as Honble MP's travelling by this train on regular basis
 - * Officers and Staff of three zones (SEZ, ER & Metro) alongwith staff of three divisions are travelling on daily basis for attending Meeting at Rly Board & other offices at NDLS.

Service will be discontinued between Madhupur - Jasidih - Jhajha - Kiul – Patna.

Presently Madhupur – New Giridih - Kawar - Koderma is non-electrified section. After Electrification of Madhupur-Maheshmunda(E.Rly.Portion) and MMD-KQR (E.C.Rly.Portion), date of completion of which is June 2020, will run with Electric Loco.

Remarks of E.C.Rly: In present layout ^{of KQR} constraints are,

1. Can not be received on Up PF while coming from KQR. MDP
2. If received on Dn PF this will have to be transferred to Up PF by crossing Dn & Up movement on GC.

Diversion of Mail/Express train :

Rake reversal and change of traction i.e Electric to Diesel and vice versa for the trains coming from South section towards N.F.Rly. are undertaken at Howrah, the most busiest station. Resulting punctuality of other trains are affected as they are out-slded near Howrah or controlled. Presently Capacity Utilization of Howrah - Liluah section is 153.8%. To decongest Howrah station, it is proposed to divert the following trains via Bhattanagar instead of Howrah station after completion of electrification over Malda - Barsoi section(N. F. Mon.	10.55	Mon	05.40	09.45	Arr	ERS	MON	13.50	21.30

This proposal is not feasible due to following reasons:-

SR remarks: There is no PIT slot available for the maintenance at Ernakulam & other terminal on Monday.

Proposal 1 - Block curtail in PGT division

Proposal 2 - Due to non-availability of passage in SRR-ERS section and ERS Terminal congestion, the train decelerated and will be non-superfast.
