Station Name : BDCR
Status : Complaint Registered

Complaint Details :

Complaint Description : The current route of Vishakapatnam Jn.-Kottavalasa Jn.- Araku- Koraput Jn.- Jagdalpur- Kirandul railway line traverses through the Naxalite Red Zone of Odisha & Chattisgarh. Hence frequent disruption of rail traffic happens & a security issue always stays in this section. So to avoid this problem a new railway line can be constructed from Bhadrachalam Road (BDCR) station of SCR Zone to Kirandul (KRDL) station of ECoR Zone, opening a alternative link to the Iron Ore Mines of Bailadila/Kirandul to Vishakapatnam & Machilipatnam Ports. This project if made will provide connectivity to the places situated between Bhadrachalam Road/Kothagudem & Kirandul.

Closing Remarks:
